If there are one or more projects you are interested in either as an Interested Party or as an Authorized Bidder, select any letting month. You will have the opportunity to choose multiple projects across multiple letting dates.

The screenshot displays the 'Connect NCDOT BUSINESS PARTNER RESOURCES' website. The 'Bidding & Letting' section is active, showing a navigation bar with links to Home, Bidding & Letting, Central Letting Archive, Divisions, Doing Business, Events, Get An Account, Groups, and Help & Support. Below the navigation bar, a banner reads 'Bidding & Letting: Current and recently advertised Lets, Let results, and bidding information for NCDOT Business Partners.'

The main content area features five categories of projects:

- Letting List**: The 12 month tentative Letting List.
- Central**: Raleigh Highway Letting.
- Division**: Projects under \$2.5 million dollars.
- Design Build**: Expedited special projects.
- Bridge & Culvert**: Projects specific to Bridge & Culvert.

Below these categories is the 'All Recent Lets' section, which includes a tabbed interface with 'Central' selected. The 'All Recent Lets' table lists the following projects:
